Note to Vendor
Modification No. One is issued bilaterally effective 1/2/01 to incorporate the following change in contract DTFA–02–01–D–01850: Reference Part III, Section J, Attachment I, Statement of Work for FAA, MMAC Security Guard Service, Paragraph C.5.2 Uniforms, add Item 14, for peerless handcuffs or equal, made from Grade A tempered steel with nickel finish, nylon webb case (1–set each). Replacement page number 27 of the Statement of Work is attached.
The one–time cost impact on the total contract dollar amount will be $2,600 for 58 handcuffs with cases.

Note to Vendor
Modification No. Two is issued bilaterally to incorporate the following changes to the current contract.

(1) Reference Part III, Section J., Attachment 1, Paragraph C.2.9 Contractor Guard Shift Supervisor: delete the paragraph in its entirety and insert the following:

The Contractor shall assign one (1) shift supervisor per shift. These individuals shall have responsibility for the designated period and/or shift. Shift supervisors shall report to the Project Manager.

Shift supervisors shall have two (2) years of guard experience and two (2) years of management experience with four (4) years total experience in facility protection at a level equivalent with the scope of work of this contract.

The shift supervisor shall ensure that each post is staffed as required, that employees are properly uniformed and present a neat appearance, and that each employee is familiar with their post and duties. Shift supervisor shall include an informal 'guardmount' at the start of each shift during which relief personnel shall be assembled for inspection, arming, announcements, and a general transfer of information from one shift's personnel to the next. This is in addition to the time required for posting and relief of personnel.

The shift supervisors shall not hold the position of an on–duty guard except in emergencies. In emergencies, the shift supervisors may staff the post not to exceed three hours in any consecutive eight–hour period.

The shift supervisors shall provide supervision of Contractor personnel to ensure compliance of all contract requirements. (A revised SOW page number 5 is attached)

(.ne FAA had a requirement to add two (2) additional guard posts at the Mike Monroney Aeronautical Center (MMAC). This additional guard service will be for the FAA Logistics Center Technical Support Facility (TSF). The guard service will be from 5:30 a.m. to 6:30 p.m., Monday through Friday, except federal holidays. The TSF post requirements shall be to check identification media, issuing visitor badges, requesting escorts from FAA personnel, checking packages, and property removal documentation. This position will be permanent and became effective March 1, 2001. The cost of adding two (2)

PORTANT: Mark all package(s), invoice(s), and correspondence with contract and/or order/award numbers.

.o Vendor

.ication No. Three is issued bilaterally to add an additional guard post at the Technical Support Facility (TSF). The guard post will be effective September 4, 2001. The guard post shall be at the east entrance of the TSF, from 5:30 a.m. through 6:30 p.m., Monday through Friday, except federal holidays. The guard post requirements include checking identification media, packages, issuing FAA–TSF visitor badges, requesting escorts from FAA–TSF personnel, checking packages and checking property removal documentation. The east guard post will be closed from 11 a.m. through 1 p.m. and interior building checks will be conducted as directed by the COR. Services for this position may be discontinued with a two–week notice. The total cost of adding one (1) additional guard post on this contract for the Base Year and four Option Years is $280,957.16.
